FEV Consulting – Best of Two Worlds

FEV Consulting provides unique, client-oriented advisory services through the combination of years of experience in top management consulting and the technical expertise of the FEV Group. Our deep knowledge, of the automotive and aviation industries in particular, enables us to find innovative solutions for the complex challenges faced by our clients.

Start as a Consultant at at the Aachen or Munich location

FEV Consulting is looking for dedicated consultants. You will be working in a highly motivated and rapidly growing team on exciting and challenging tasks for our international clients, in particular from the automotive industry. As a consultant, you benefit from the interdisciplinary environment of the FEV Group, with a multitude of experts in various fields of a leading global engineering service provider.

Your Tasks:

- Support of projects as part of interdisciplinary consulting projects
- Autonomous processing of defined tasks
- Data analysis and assessment, as well as elaboration of management-compatible result presentations
- Interdisciplinary teamwork with consultants and technical specialists
- Optimization of processes and organization structures
- Analysis and optimization of corporate processes and product costs
- Preparation and support of workshops and presentations
- Early assumption of responsibility
- Support for the ongoing development of FEV Consulting Service Lines

Your Profile:

- Engineering or industrial engineering degree
- Experience as a working student or intern with a management consulting or leading industrial company
- Initial professional experience in management consulting or in a leading industrial company desirable
- Strong dedication and assertiveness, with the desire to change things
- Sharp analytical and conceptual skills
- Strong sense of autonomy and target-oriented, deadline-compliant work methods
- Strong in creativity, teamwork, and communication skills
- Strong interest in innovation and forward-looking technologies
- Business fluency in English and intercultural experience
- In-depth knowledge of MS Office applications (Excel, PowerPoint, Word)
- Passion and enthusiasm for the automotive industry
